

My first 90 days.

01–30

Learn. Focus. Establish the baseline.

Interview sales, operations and customers; audit the website and existing material; agree the priority buyer and an approved claims register.

DELIVER

Buyer brief, message framework, content audit and agreed lead definitions.

MEASURE

Document the current enquiry-to-proposal process and its available baseline.

31–60

Launch a focused acquisition test.

Publish the approved bilingual landing page; equip sales with the deck and sector briefs; test LinkedIn content and targeted outreach with one clear offer.

DELIVER

One campaign, a reusable content kit and a documented sales handover.

MEASURE

Track relevant enquiries, proposals issued and reasons for disqualification.

61–90

Improve what converts. Build repeatability.

Review the funnel with sales; refine the offer and follow-up; develop one approved customer story; build a repeat-inspection content plan.

DELIVER

Campaign review, prioritised experiments and the next-quarter plan.

MEASURE

Assess commissioned inspections, proposal conversion and acquisition cost where reliable data exists.

Commercial targets would be agreed after reviewing the baseline.
